Product, GTM, and AI adoption manager with 8+ years of experience turning commercial needs into pilots, digital workflows, capability building, and operational improvement. At Wipro on the Meta Project, led CRM AI adoption through onboarding, playbooks, and coaching, increasing usage by 150% and making the operation #1 globally for adoption growth. Governed a bootcamp that reduced ramp-up by 50% and collaborated across global product lines, quality, and consulting teams. Combines roadmaps, OKRs, backlogs, root-cause analysis, facilitation, n8n, APIs, RAG, and responsible data governance to move initiatives from hypothesis to measurable learning.

Professional Experience

Wipro, Curitiba, Brazil September 2024 – July 2026

AI Transformation, Enablement, and GTM Specialist (Meta Project)

- Led native AI activation and adoption in a proprietary CRM, from onboarding through three weeks of practical support; increased daily usage by 150% and made the operation #1 globally for adoption growth.
- Acted as a bridge across global product lines, quality, and outsourced teams, aligning documentation, priorities, timelines, and business goals without direct authority.
- Designed and governed a pilot bootcamp for 12 consultants, reducing ramp-up from 6 to 3 months and achieving 100% completion, 90%+ quality, and 90% CSAT.
- Participated in squad governance using daily meetings, OKRs, roadmap, and backlog; also contributed to BCP and secure data-sharing manuals.

Meu Barzin (Startup), Curitiba, Brazil December 2025 – March 2026

AI and Automation Product Manager

- Moved a conversational product from hypothesis to MVP using ManyChat, n8n, RAG, and Supabase, integrating zero-hallucination rules and a subscription model.
- Mapped, extracted, and cleansed data from nearly 200 establishments and structured a reliable Supabase/PostgreSQL knowledge base.
- Used metrics and interviews to identify insufficient partner density and 43.9% first-message dropout as scaling blockers.

AK Branding & Web Design, Curitiba, Brazil March 2019 – September 2024

Digital Transformation and Marketing Project Consultant

- Delivered 40+ digital projects for SMBs, translating objectives into scope, web architecture, schedules, budgets, and coordinated delivery.
- Implemented journeys, chatbots, and experiments that increased lead generation by up to 250%, while researching and applying LGPD requirements across all projects.

Munzner, Curitiba, Brazil October 2018 – August 2024

Growth, Facilitation, and Automation Specialist

- Built a 10-stage CRM and nurturing automation that attracted 10,000+ visits and generated approximately R\$50,000 in revenue.
- Applied Thinking Environment to facilitation and technical narratives, supporting learning and change communication.
