Revenue Operations consultant with 8+ years of transferable experience across Marketing Ops, Sales Enablement, GTM, CRM, automation, funnel analysis, and B2B process improvement. At Wipro on the Meta Project, led CRM AI adoption with a 150% usage increase, applied root cause analysis, built playbooks, and used Power BI and Excel to support decisions. In consulting, delivered 40+ projects, translating client objectives into scopes, workflows, metrics, and improvements. At Munzner, built automation that generated approximately R\$50,000 and tracked channels, conversion, revenue, and ROI. Brings a strong analytical and consultative foundation for RevOps implementation without claiming advanced HubSpot or Salesforce administration.
