AI Productivity and Adoption Consultant with hands-on experience in corporate deployment, training, coaching, and usage measurement. At Wipro on the Meta Project, led native CRM AI activation from onboarding through three weeks of side-by-side coaching, increasing usage by 150% and making the operation #1 globally for adoption growth. Built playbooks, scripts, training assets, and corrective plans using root-cause analysis. Also designed AI products and workflows using RAG, n8n, and Supabase, combining clear communication, facilitation, and business outcomes.

## Professional Experience

**Wipro, Curitiba, Brazil** September 2024 – July 2026

### AI Adoption, Training, and Sales Enablement Specialist (Meta Project)

- Led onboarding and adoption of native CRM AI with three weeks of side-by-side coaching, increasing usage from 4 to 10 prompts/day (+150%).
- Trained teams on proprietary CRMs and native AI, translating concepts into practical applications.
- Built playbooks, scripts, and assets and applied root-cause analysis to close knowledge gaps.
- Designed the Next Level Bootcamp for 12 consultants, achieving 100% completion, reducing ramp-up from 6 to 3 months, and reaching 90% satisfaction.

**Meu Barzin (Startup), Curitiba, Brazil** December 2025 – March 2026

### AI and Automation Product Manager

- Designed workflows using ManyChat, n8n, and RAG, including zero-hallucination rules and data from nearly 200 establishments.
- Captured 505 leads and analyzed behavior to identify 43.9% first-message dropout.

**AK Branding & Web Design, Curitiba, Brazil** March 2019 – September 2024

### Digital Projects and Automation Consultant

- Delivered 40+ consulting projects for SMBs, translating business objectives into digital solutions and documentation.
- Implemented chatbots and journeys that increased lead capture by up to 250%.

**Munzner, Curitiba, Brazil** October 2018 – August 2024

### Marketing, Training, and Automation Specialist

- Launched the company's first digital course and structured learning content and automation in MasterStudy LMS/WordPress.
- Applied Thinking Environment to narratives, listening, and facilitation.
