Professional Summary

Senior Professional specializing in Marketing, Product Strategy, and Sales Enablement. With a proven track record of over 8 years of experience, I effectively connect sales and customer success teams with the strategic guidelines of global stakeholders and Big Tech corporations. I act as a technical reference in advertising strategies, CRM management, and native AI implementation, transforming complex product updates into clear value propositions, delivering strategies, and executing training programs that drive performance..

With hands-on experience founding my own businesses, I leverage Design Thinking, Lean Startup, and Prototyping methodologies to validate ideas and design user journeys (UX/UI), skills directly applied to launching MVPs. I integrate project management frameworks (Kanban/Ágile Scrum) and global human facilitation techniques (Thinking Environment) to organize processes and deliver complex, high-scale projects like gamified bootcamps. Expert in leveraging Business Intelligence (BI) data and funnel insights to diagnose root causes, optimize user acquisition, and unlock revenue bottlenecks.

Professional Experience

Wipro Brazil | Marketing Coordinator / Sales Enablement Expert (Meta) Sep 2024 – Present

Responsible for executing enablement activations, adoption strategies, and tactical product positioning to drive sales productivity and revenue growth for Project Libra (Meta).

- Act as the operation's technical reference for Meta ad strategies, absorbing official client materials and strategically replicating product innovations and Go-to-Market (GTM) strategies for 150+ Meta Marketing Pros.
- Lead Sales Excellence and Sales Productivity pillars, translating Meta product portfolio updates into clear value propositions, sales pitches, and practical commercial frameworks for frontline teams.
- Provide technical training to the team on Meta internal tools, driving onboarding and replicating training programs on proprietary CRMs and practical native AI implementations.
- Conduct continuous monitoring, coaching, and development for marketing/sales agents through active quality assurance, call listening, and structured feedback loops focused on sales performance and service excellence.

- Apply root cause analysis to identify knowledge gaps within the team, designing corrective action plans and building playbooks, scripts, and sales enablement materials.
- Implement structured sales methodologies and frameworks, ensuring operational alignment with the OCIR framework and Meta's proprietary quality assurance methodology.
- Facilitate trainings, workshops, and gamified bootcamps, ensuring the absorption of advanced media solutions while actively collaborating with Product, Sales, Quality Assurance, Data Analytics, and Training teams.
- Interface directly with regional and global Meta stakeholders (LATAM and Global) in recurring meetings to align operational strategy, share market feedback (Voice of Customer/Sales), and ensure customer success.
- Generate strategic insights via Business Intelligence (BI) to analyze tool and product performance and adoption curves, supporting data-driven decision-making.

Relevant Certifications:

- Meta Certified Digital Marketing Associate
- Meta Certified Media Planning Professional

Meu Barzin (Startup) | Co-Founder & Product Lead *Dec 2025 – March 2026 **

Conceptualized and developed a subscription-based coupon ecosystem and bar recommendation product, designing a monetization model focused on benefits plans (e.g., "buy 1, get 2") and generating value for partner venues.

- Architected product and UX powered by AI (via WhatsApp and n8n), developing an intelligent matching system that recommended partner bars based on contextual user inputs (ambiance, cuisine, occasion, and consumption preferences).
- Led the AI data strategy, structuring automated scraping routines across blogs, Google Maps, and web sources to collect, centralize, and organize business data that was previously fragmented across the web.
- Managed Go-to-Market (GTM) planning and ICP (Ideal Customer Profile) definition, conducting competitor research, market analysis, and value proposition validation through initial user feedback surveys.
- Drove business development and B2B partnerships, leading the prospecting of partner venues, pitching the value proposition (AI-driven visibility), and closing the initial commercial contracts.
- Directed digital growth and branding strategies, establishing the startup's online positioning and validating organic acquisition channels.
- *Institutional Instagram: @meubarzin*

AK Branding & Web Design | Founder & Digital Strategist *March 2019 – September 2024*

Founded and managed a boutique-model agency, delivering premium digital positioning through highly personalized, tailor-made client service, focusing on top-tier quality execution (rather than mass volume) and high-value project delivery.

- Led end-to-end UX/UI Design and Web Development projects, specializing in architecture, visual design, SEO intelligence (search engine optimization), and high-conversion copywriting for e-commerce, corporate portals, and landing pages.
- Served as a Strategic Marketing and Sales Consultant, mapping out post-launch digital acquisition funnels for clients by integrating organic traffic strategies, landing page optimization, and inbound marketing.
- Managed the full commercial lifecycle and new business acquisition (Sales/Account Management), spanning active prospecting, needs mapping (briefing), technical scope definition, pricing, and contract closure.
- Handled project management with a strict focus on deadlines and deliverables, utilizing internal workflow frameworks to oversee multiple client timelines simultaneously, mitigating delay risks, and ensuring high-quality product output.

Munzner | Marketing & Growth Specialist Oct 2018 – Aug 2024

Led end-to-end growth and digital marketing strategies, managing the full funnel from customer acquisition (SEO, content marketing, and paid ads) to retention via automated email marketing workflows and conversational channels (WhatsApp).

- Managed the development and launch of the brand's first digital information product (online course), overseeing scope conception, scriptwriting, copywriting, editing, and technical deployment of the LMS platform (MasterStudy LMS via WordPress).
- Specialized in the global *Thinking Environment* methodology to build high-impact technical narratives, applying active listening and facilitation concepts to create strategic content for social media, brand positioning, and paid media.
- Optimized commercial workflows and CRM automations via API/Webhooks, structuring intelligent lead nurturing flows to maximize sales conversion and reduce friction along the customer journey.
- Managed client relationships and strategic support directly, ensuring Customer Success and mapping qualitative feedback to continuously improve growth and product strategies.

Relevant Certifications:

- Thinking Partnership – Munzner (November 2019)
- Foundations of the Thinking Environment – Munzner (October 2019)
- Thinking Environment Facilitator – Munzner (May 2020)
