Product Marketing and Go-to-Market specialist with 8+ years of experience translating complex products, customer insights, and performance data into positioning, campaigns, and sales enablement. At Wipro's Meta project, I turned product updates into value propositions, pitches, playbooks, and enablement programs for 150+ marketing professionals, increasing native AI CRM usage by 150% and reducing ramp-up time by 50%. I have launched digital products, built inbound and lifecycle programs, mapped ICPs and conversion barriers, and managed B2B partnerships. My experience spans technical services, digital products, SaaS-style automation, and startup environments. I work fluently in English and Portuguese and use AI, CRM automation, Power BI, SQL, and rapid experimentation to scale research, content, and full-funnel execution while keeping decisions grounded in evidence.

Professional Experience

Wipro Brasil, Curitiba, Brazil

September 2024 -
July 2026

Marketing Coordinator / Product Enablement Expert, Meta Project

- Translated Meta product portfolio updates and market materials into value propositions, sales pitches, playbooks, and practical messaging for frontline marketing and sales teams.
- Served as a technical reference for advertising strategies and replicated product and go-to-market updates for 150+ Meta Marketing Pros, connecting global product teams, quality, and delivery teams.
- Led native AI CRM adoption through hands-on enablement and prompt libraries, increasing average usage from 4 to 10 prompts per consultant per day (+150%) and earning recognition as the operation with the highest global adoption growth.
- Designed and governed a 12-person enablement pilot with 100% completion, reducing time-to-productivity from 6 to 3 months (-50%) while achieving 90%+ initial quality scores, 90% consultant CSAT, and 100% Top Performer conversion.
- Used Power BI and Excel performance dashboards, call listening, root-cause analysis, and structured feedback to identify funnel and knowledge gaps and improve sales productivity.

Meu Barzin (Startup), Curitiba, Brazil

December 2025 -
March 2026

Co-Founder & Product / Go-to-Market Lead

- Defined the MVP, ICP, subscription proposition, and B2B partner value story for a conversational WhatsApp product, validating monetization with local business partners.
- Built demand-generation experiments that captured 505 qualified top-of-funnel leads and grew Instagram to 2,000+ followers, with 22.3% of users reaching a high-engagement threshold.
- Conducted qualitative interviews and funnel mapping, identifying partner-density and API-latency barriers, including a 43.9% first-message dropout, to guide product and messaging decisions.
- Secured pilot partnerships through direct B2B outreach and partner pitching, connecting customer needs, product experience, and commercial execution.

AK Branding & Web Design, Curitiba, Brazil

March 2019 -
September 2024

Founder & Marketing Project Consultant

- Delivered 40+ projects for SMBs, owning brand positioning, website architecture, landing pages, scopes, budgets, timelines, and stakeholder communication from discovery through launch.
- Designed conversion-focused messaging, chatbot experiences, and UX flows that increased website lead capture from 8 to 20-30 contacts per month (+250%); built landing pages generating 5 qualified leads per day.
- Launched a custom e-commerce product from zero to R\$10,000 in revenue in its first three months through organic positioning and content, with no paid media spend.

Munzner, Curitiba, Brazil

October 2018 -
